Immunization Policy

As of July 28, 2019, Washington State passed a law that removed the personal and philosophical option to exempt children from the MMR vaccine required for school, preschool, and childcare attendance. This means that all children must receive the MMR vaccines unless they obtain a medical or religious exemption. Other vaccinations remain required as well, but may be exempted for personal, religious, or medical reasons. Please complete the attached CIS (Certificate of Immunization Status) or print a copy from your child's medical records. Please turn in at time of enrollment. If OSLCP has already received a copy of your child's immunization records, we will not require a new one unless changes have been made.
